Heavy Duty Cleaner Wax T49

- Removes moderate defects and protects in one easy step
- Removes moderate scratches, defects and water spots
- Seals paint to protect shine
- For use by Rotary Buffer or DA Polisher

Description: Moderate Defect Remover and Paint Protectant

Applications: Full Service Detailing
Used Car Reconditioning

Directions:

For use by rotary buffer or DA polisher. Use on a clean, cool, dry surface. Shake well. Apply to buffing pad or surface and buff to a brilliant shine. Wipe off any residue with a clean, soft cloth.

To remove moderate scratches and imperfections: first apply with a rotary buffer with a wool light cutting pad or foam cutting pad, then follow with a rotary buffer or DA polisher with a foam polishing pad. For light scratches and imperfections simply apply with a foam or wool polishing pad.

Tips:

- Apply with a rotary buffer with a wool pad for strongest cleaning
- Apply by rotary or DA with a foam pad to maximize gloss
- Removes moderate scratches from head light and tail light covers

Packaging:

- 4/1 Gallons per case
- 6/1 Quarts per case
- 6/1 Pints per case

Complies with VOC regulatory restrictions
