

Once and Done Polishing Compound TM 655

- Removes scratches, water spots and other defects
- Buffs to a high shine
- Silicone-free

Description: Silicone Free Polishing Compound

Applications: Body Shop
Used Car Reconditioning
Retail Detailing

Directions:

Removes scratches, water spots and other paint defects. Buffs to a high shine. Eliminates the need for a foam pad glaze. Use on a cool, clean, dry surface. Shake well. Apply a liberal amount of product to surface and buff at medium speed using a rotary buffer and wool pad to remove defects. Wipe with a microfiber cloth. Re-apply a light amount of product and buff at low speed using a rotary buffer and foam pad to enhance gloss. Wipe with a microfiber cloth.

Tips:

- Removes 1200 grit sanding marks
- For heavy scratches and defects use Right Stuff Heavy Duty Compound

Packaging:

- 4/1 Gallons per Case
 - 6/1 Quarts per Case
- Complies with VOC regulatory restrictions
